Subject No. 409.

A dam across Hebbahalla.

Mr. Vishakantappa.

Summary of Representation.—The Kamasagara tank was restored under the orders of His Highness the late Maharaja Chamarajendra Wodeyar Bahadur. To render it a perennial source of water-supply, it is requested that the Hebbahalla may be dammed beyond Maddur and the water-course diverted, so as to feed the tanks, Vijayapura Amanikere, Kuthanur, Nallur, etc., and supply enough of water to the paddy lands of Kudlapura, Hemmaragala, Hedatale and Kalale tanks.

Reply of Government.—The project was reported to be absolutely impracticable except by damming the Hebballa higher up in its course where the catchment would only be a few square miles. It has been abandoned as being unremunerative after investigation.

Subject No. 410.

A Government building for Girls' School at Gundlupet.

Mr. Vishakantappa.

Summary of Representation.—The want of a Government building for Girls' School is much felt; one may be ordered to be built.

Reply of Government.—The Inspector General of Education will be asked to do what is possible in the matter.

Subject No. 411.

A member for the Local Fund Board from Gundlupet.

Mr. Vishakantappa.

Summary of Representation.—The Gundlupet Taluk may be allowed the privilege of electing a member for the Local Fund Board.

Reply of Government.—The new rules provide for this.

Subject No. 412.

Repairs to Nala near bechirak Hosahalli.

Mr. Venkatasamaiya.

Summary of Representation.—In the bechirak village of Hosahalli, there are about 100 or 120 acres of banjar land assessed at dry rates. There is a channel to irrigate the land of this village as well as of those of Alur, Kudlur and other villages. As the Nala is out of order and damaged in many places, all the lands under it were assessed at dry rates during the survey settlement. If the nala were repaired, not only would the lands of the bechirakh Hosahalli village be converted into wet and would fetch high price, but would also give an increased revenue to Government. Pray that the Nala may be repaired.

Reply of Government.—The project will be investigated in the Public Works Department.

Subject No. 413.

Repairs to the Eswara temple built near the Madhavamantri Ane.

Mr. Sivabasavadevaru.

Summary of Representation.—There is an Esvara temple built near the Madhavamantri Ane. The river Cauvery has almost encroached upon the compound wall of the temple by the action of the waves. The temple is under the management of the Muzrai Department and enjoys a Paditara Tasdik from Government. Early repairs are solicited by rivetting the bank near the temple or the temple will come down.

Reply of Government.—Will be enquired into in the Muzrai Department.

Subject No. 414.

A road from Malangi to Santemarahalli.

Mr. Sivabasavadevaru.

Summary of Representation.—A road from Malangi to Santemarahalli is very necessary. The Engineering
